

BIRD-SAFE BUILDING STRATEGIES

—
20 October 2021
9:00 AM - 4:00 PM EDT

Northern Parula

About this workshop

Join FLAP Canada for a **FREE all-day virtual workshop on bird-safe building strategies** designed specifically for industry professionals. This workshop will provide participants with a deep understanding of the bird-building collision issue and solutions, while offering opportunities to network and build relationships with other professionals.

EQUIPPING FUTURE LEADERS IN THE QUEST FOR A BIRD-SAFE BUILT ENVIRONMENT

Hear from a variety of speakers with expertise in bird biology, bird-safe architecture, and law.

Our Awesome Guest Speakers:

Albert Koehl

Environmental Lawyer

John Carley

Architect (Retired), FRAIC

Mauro Carreño

Architect, MRAIC
